

Mechanics Vices with Swivel Bases

Swivel bases can be fitted to any Mechanics Vice except the 0 and 2. All the vices in this VS Range are fitted with this feature as standard equipment.

The Swivel Base allows the vice to be rotated through 360 degrees and locked in any desired position. This can be a useful advantage in confined spaces or where the angle of the vice has to be adjusted to accept work of varying lengths.

Cat No.	Jaw width		Jaw opening		Jaw depth		Approx weight	
	in	mm	in	mm	in	mm	lb	kg
3VS	4	100	4.3/4	120	2.3/4	70	41	18.6
4VS	4.1/2	115	5.1/2	140	3	80	52	23.6
5VS	5	125	6.1/2	156	3.1/4	85	63.1/2	8.8
6VS	6	150	8	205	3.1/2	90	87	39.5
8VS	8	205	9.1/4	235	9.1/4	100	101	45.8
