**Professionals ask for professional tools.
Cleaning after the day's work is no
exception.**

K.E.W.

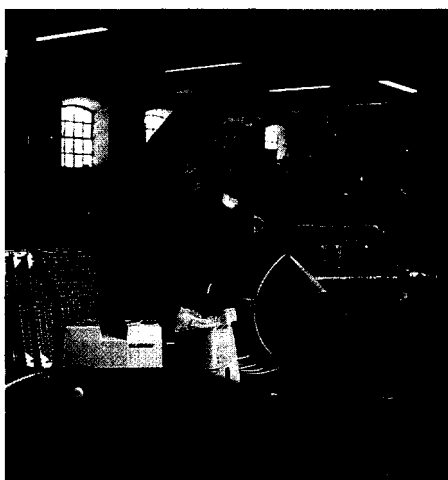

K.E.W. Professional is made for professionals who would rather put their time and efforts into their trade than into cleaning. Professionals who require professional efficiency and reliability.
- also when it comes to pressure cleaning.

K.E.W. Professional performs a pressure of 80 bar. It is small, efficient, hard working and so easy to use that your daily cleaning will only require a minimum of labour.

As in all other K.E.W. products uncompromising quality is unified with state-of-the-art technology. You can be sure that your cleaning tasks will be dealt with efficiently and economically.

That's why we call it Professional
