BGA Heat Sink (High Aspect Ratio Ext.) Custom Pin Fin

Description: 10.00 x 10.00 x 22.00 mm BGA Heat Sink (High Aspect Ratio Ext.) Custom Pin Fin

Heat Sink Type: Custom Pin Fin

Heat Sink Attachment: N/A Equivalent Part Number: N/A

*Image above is for illustration purpose only.

Features & Benefits

- · High efficiency pin fin design provides low pressure drop characteristics
- · Large surface area increases heat sink performance
- · Fabricated from extruded aluminum, which minimizes thermal resistance from the base to the fins, reduces weight and keeps costs low
- · Comes standard without interface material or with most common pressure sensitive thermal tapes as a custom option

Thermal Performance

AIR VELOCITY		@200 LFM 1.0 M/S	@300 LFM 1.5 M/S	@400 LFM 2.0 M/S	@500 LFM 2.5 M/S	@600 LFM 3.0 M/S	@700 LFM 3.5 M/S	@800 LFM 4.0 M/S
THERMAL RESISTANCE	Unducted Flow	16.01 °C/W	13.4 °C/W	11.9 °C/W	10.8 °C/W	10 °C/W	9.4 °C/W	8.9 °C/W
	Ducted Flow	12.4	10.7	9.6	8.8	8.2	7.8	7.4
