1-Bay Simple Network Storage

FNS-1020

H/W Version: 2

Fast and easy storage for the entire network

As digital media collections continue to grow, users need simple and efficient storage solutions to help manage their data. The LevelOne FNS-1020 is ideal for home and office users looking to add more storage using a compact, yet powerful device. It is a 10/100 Mbps storage enclosure that can accommodate a single 3.5" SATA or IDE hard disk drive up to 1.5 terabytes (1500 GB).
2 High Speed USB ports and easy one-touch transfer

In addition to supporting a large capacity disk, FNS-1020 includes 2 high-speed USB 2.0 ports, allowing users to add and share peripheral devices or additional USB storage.

The push-button feature allows users to plug in a USB flash drive or digital camera and automatically transfer files to FNS-1020. No need to wait for applications to boot up, all files are transferred immediately.

Feature-rich downloading and file sharing

Users can take advantage of FNS-1020's scheduling download assistant as well as the built-in FTP, and BitTorrent file sharing functions. The web-based management interface makes it easy to setup regular download schedules. The built-in BitTorrent client allows the FNS-1020 to download and store all your files, and you don't have to leave your computer on all night. This saves power while allowing you to simply play files directly from any computer in the network.

1. LED Indicators
2. Shutdown Button
3. Backup Button
4. LAN Interface
5. USB2.0 Interface
6. Power On/Off Button
7. Power Port

Key Features

- Stream Music and Video to your PC, Media Playes or Gaming Console
- Download Files without PC
  Supports HTTP, FTP and BitTorrent
- Share Files between Computers and over Internet
- Two High Speed USB 2.0 Ports for Extra Storage
- Single 3.5 inch SATA or IDE Hard Disk Bay
- Web Interface Configuration and Management
- Easy to Setup and Use

Works Well With

WBR-6001
N_Max Wireless Broadband Router

FCS-0010
IP Network Camera

Technical Specification

LAN-Interface
1x 10/100 Mbps Auto-MDIX RJ-45 Port

USB-Interface
2x USB2.0 High-Speed Ports

HDD Bay
1x Internal 3.5" IDE/SATA Hard Disk Bay
Supports UltraDMA 133 and SATA1.0a

Buttons
Backup　　– Back up files from external USB drive to internal HDD
Shutdown – Shuts down the internal HDD safely, before powering off device

File Systems
FAT16 / FAT32 / EXT2 / NTFS (Read Only)

Disk Tools
Disk Partition / Disk Format / Disk Scan

Storage
FTP / Samba / Windows File Sharing Server

Download Tools
Schedule HTTP, FTP and BitTorrent files to download.
No Computer Required

Multimedia
UPnP Server　– Works with Networked Media Players and Gaming Consoles
iTunes Server – Share Music to Computers

Other Network Features
DHCP Client and Server
Fixed IP Mapping
User Account Managements
System Logs for FTP and Samba

Firmware Upgrade
Web-based (HTTP)

Operating Systems
Windows 2000 / XP / Vista / Mac OSX / Linux

Power Adapter
DC12V / 4A

Operating Temperature
0℃ ~ 40℃ / 85% Humidity

Storage Temperature
-20℃ ~ 70℃ / 85% Humidity

Dimensions
215mm(L) * 150mm(W) * 48mm(H)

Certifications
CE, FCC

Standard Compliant
IEEE 802.3, IEEE802.3x, IEEE 802.3u
